

# Walkden Software WayEdit

## Rule Analyser (Screenshot)

Click on a Rule to View it

Select Left Rule, Middle or Right Rule  
Click on a line [Adult Return] to view the selected Rule  
(Right Clicking reverses the above actions)

# Walkden Software WayEdit

Scroll down, click on any region that refers to a rule and that rule will be displayed

When a Rule is selected by any of the above methods, the Tree View always fully expands the rule

Enter a Fare Value, the Rule will be processed and the result displayed
