Grids and Underscore

Fares can be placed in a grid spanning between one and four fares, this offers the ability to produce fare-tables in many formats including those similar to Excel.

The following few pages demonstrate some of the options on a single fare-table.

SPECIAL DAY RETURN FARES (with normal time restrictions) The following special return fares may be issued on service 181 where applicable. These fares may also be issued on Services X8, 182, 184, 185, 304 or 305 where applicable, and are valid as transfer fares between services X8, 181 and 182. Fares shown as OAP/Faresaver NOT available at reduced rates to passengers with Half Fare passes.

Grids and Underscore

Fares can be placed in a grid spanning between one and four fares, this offers the ability to produce fare-tables in many formats including those similar to Excel.

The following few pages demonstrate some of the options on a single fare-table.

SPECIAL DAY RETURN FARES (with normal time restrictions) The following special return fares may be issued on service 181 where applicable. These fares may also be issued on Services X8, 182, 184, 185, 304 or 305 where applicable, and are valid as transfer fares between services X8, 181 and 182. Fares shown as OAP/Faresaver NOT available at reduced rates to passengers with Half Fare passes.

Grids and Underscore

Fares can be placed in a grid spanning between one and four fares, this offers the ability to produce fare-tables in many formats including those similar to Excel.

The following few pages demonstrate some of the options on a single fare-table.

SPECIAL DAY RETURN FARES (with normal time restrictions) The following special return fares may be issued on service 181 where applicable. These fares may also be issued on Services X8, 182, 184, 185, 304 or 305 where applicable, and are valid as transfer fares between services X8, 181 and 182. Fares shown as OAP/Faresaver NOT available at reduced rates to passengers with Half Fare passes.
